The Digital Renaissance

This year, Baldwin County High took the first step into the Digital Renaissance that is sweeping Baldwin County. BCHS was chosen to be the premier school in the county to start a 1:1 laptop program. Throughout the year the MacBooks have been useful furthering the education of BCHS Tigers. In the top right photo, Amanda and Amber Nelson are among the first students to receive their MacBooks in the fall. They are surrounded by school Mr. John Cabaniss, school board member Mr. Bob Wills, Representative Mr. Harry Shiver, Superintendent Dr. Alan T. Lee, and Bay Minette Mayor Ms. Jamie Tillery.

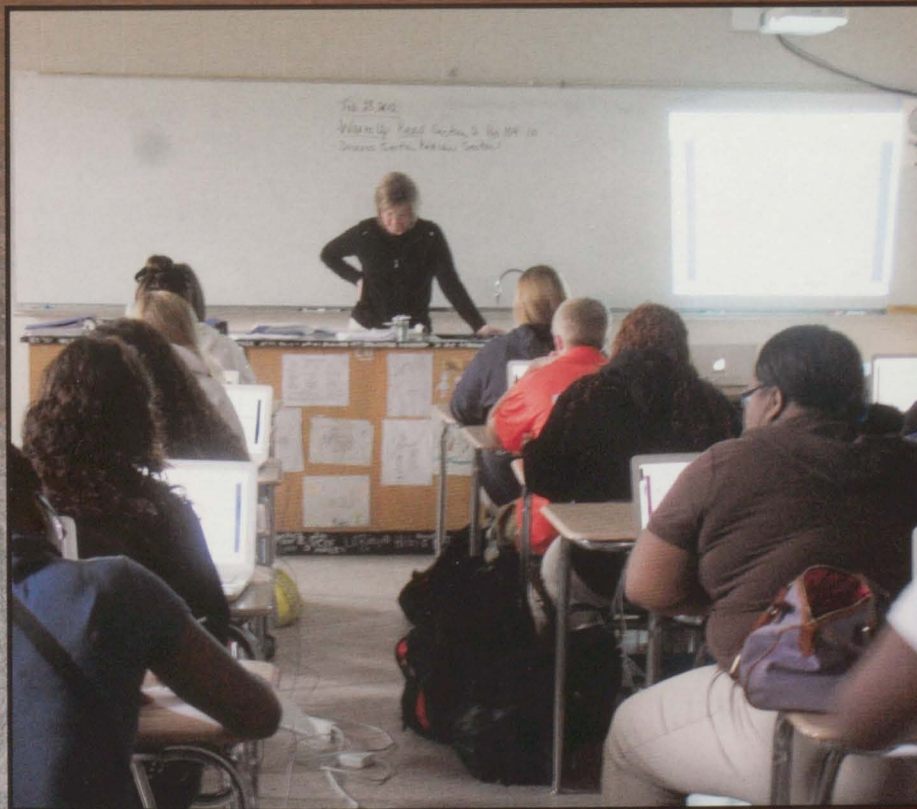

Right: The most common phrase heard in Forensic Science is Coach Peter Bezeredi's usual rules with using the MacBooks; "No Food, no drink, no gmail, no faceflow, no google maps, no games, no gum...etc."

Left: Coach Leavins's World History class is busy writing essays.

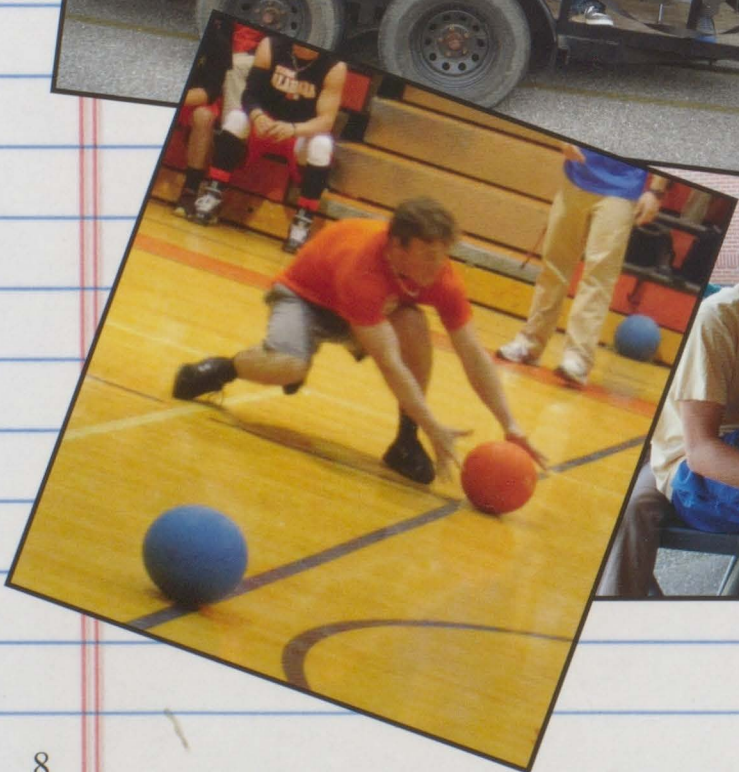

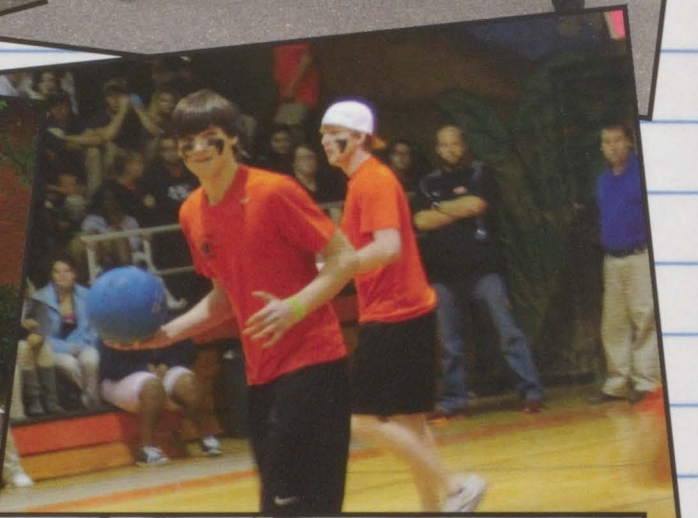

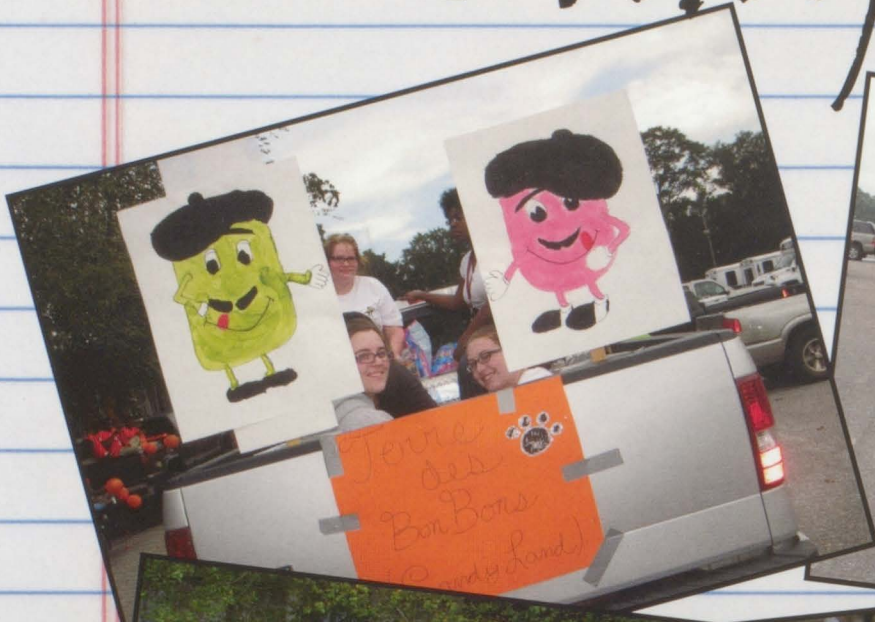

Bottom Left: Mrs. Steele teaches significant figures with the help of the MacBooks.

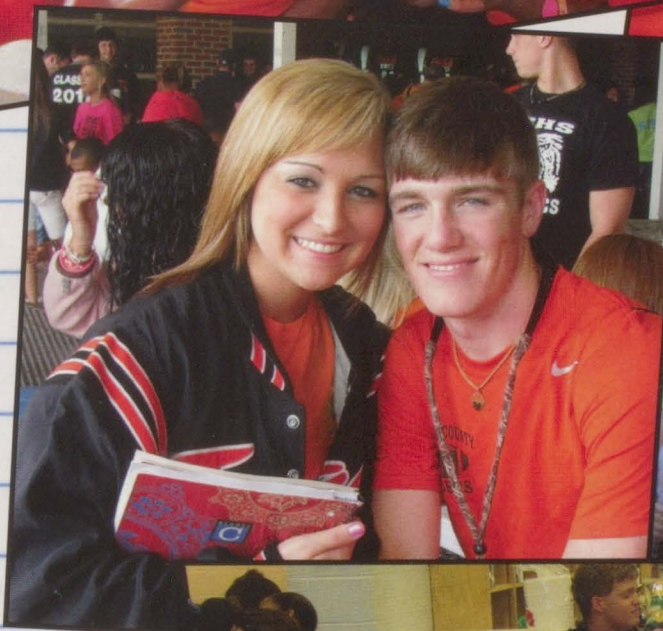

Bottom Right: Trevor Jordan is excited about getting his laptop.

On October 7, 2011 Shemetra Morgan was crowned Homecoming queen. She was escorted by her step-father. Principal John Cabaniss presented her with flowers and the crown, "I was shocked. I couldn't believe they were calling my name. I was more concerned about my escort I had no clue I would win." Shemetra said.

BCHS Has Talent

Baldwin County High School students displayed their talents for the school to see in the 2012 annual talent show. The acts were excellent and ranged from singers to flipping to a magic show. Our panel of judges consisted of Mrs. Barbara Brown, Mr. Randal Perri, and Mayor Jamie Tillery. The third place winners were The Do-Overs; Emilee Vaughn, Thomas Travis, and Courtney Gilbert whose magic show captivated the students. In second place, DreQuan Mims sang and played piano. Our first place winner was Harley Rowell who played guitar and sang "Tears In Heaven" by Eric Clapton. Harley and DreQuan will move on and perform in the Baldwin Star Search competition in Orange Beach this summer.

Academics

English

Research papers, essays, novels, poems, themes, plot, characterization, vocabulary, book reports...English is a required subject, no matter what grade students are in. Don't, however, think the teacher gets off scott free. English papers are the hardest papers to grade!

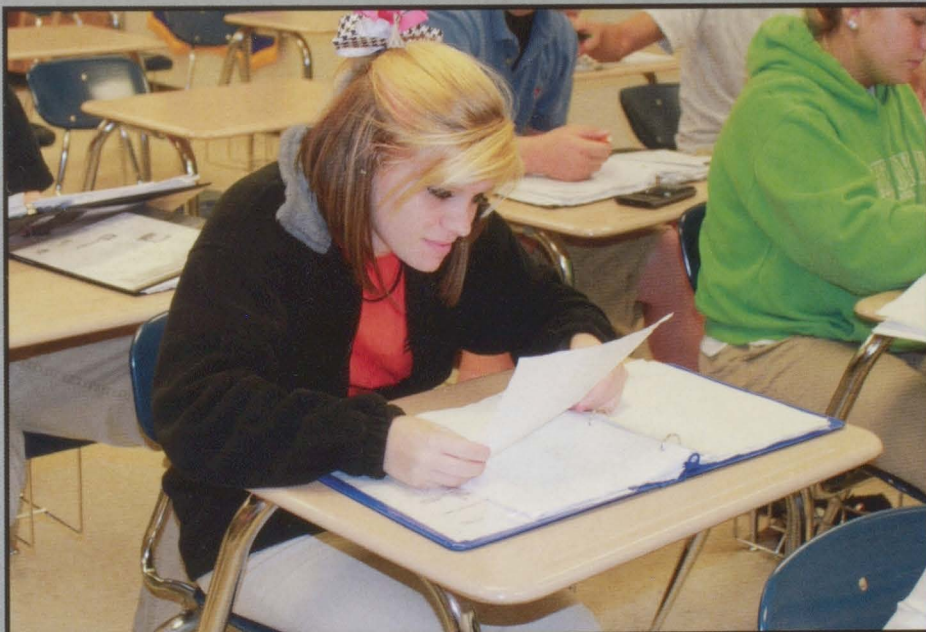

Top Right: Alex Sims does his Great Gatsby study questions.
Bottom Right: Daniel Harrison studies for the English part of the graduation exam.
Top Left: Students use their MacBooks to look up vocabulary.
Bottom Left: Abigail West does some practice exam work in Ms. Beasley's class.

Math

Math is a difficult subject for some, but it is necessary in everyday life. BCHS offers a variety of math classes ranging from algebra to calculus. Students at BCHS are required to have at least four math credits before graduating. The math teachers work hard to ensure that their students fully understand the principles of mathematics and to instill in them the importance of using math.

Top Left: Jessica Zavala is double checking her work using her calculator.
Above: Victoria Chancey is wondering why the alphabet is in her math problem.
Bottom Left: Chelsea Mitchem stares in disbelief at her quiz grade.

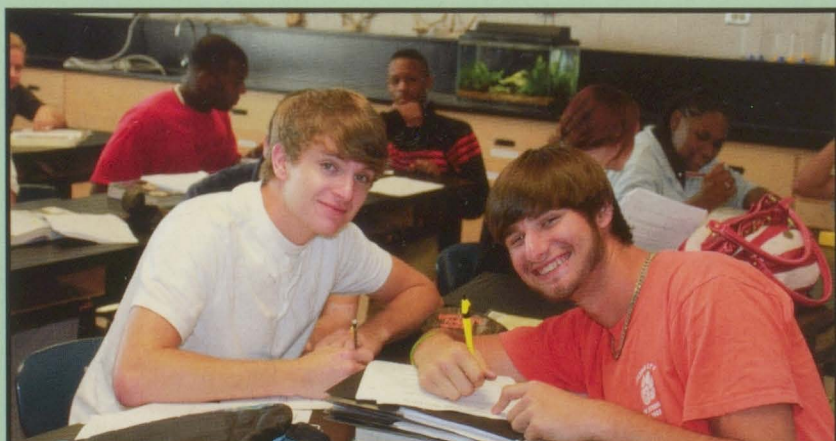

Science is a very important subject here at BCHS. Mrs. Steele's chemistry students are entertained by equations and formulas. Mrs. Milstead's class enjoy learning about marine life. Mrs. Bridges human anatomy class dives into pig anatomy.

Top Left: Amber Williams gets a little smooch from a fetal pig in Mrs. Bridge's class.

Bottom Left: Breanna Ramer and Dalton Jerkins take a tour of the insides of a shark.

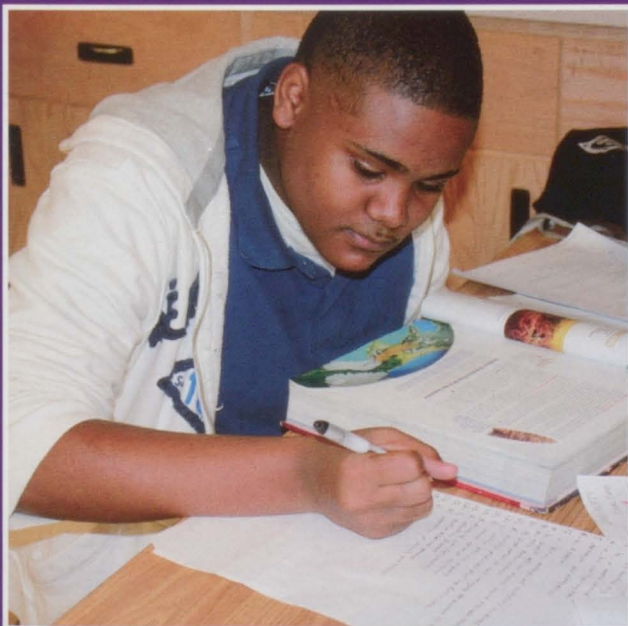

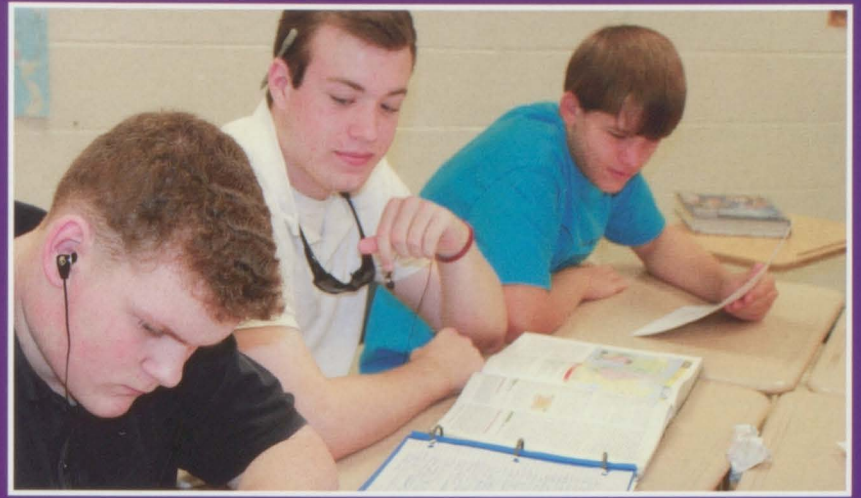

Top Right: Dakota McLeod and Katen Lyles are hesitant about touching the pig.
Bottom Right: Caleb McDonald and JD Duddy try to get some worksheets done before the bell in Mr. Beckett's class.

Science

History

History is a very rewarding course as students learn the “who’s” and “what’s” and “whys” that have influenced the human race for centuries. Some of the courses range from US History and World History to Government and Economics. Students gain an appreciation of their heritages through these classes, and at the same time, they master their note-taking skills.

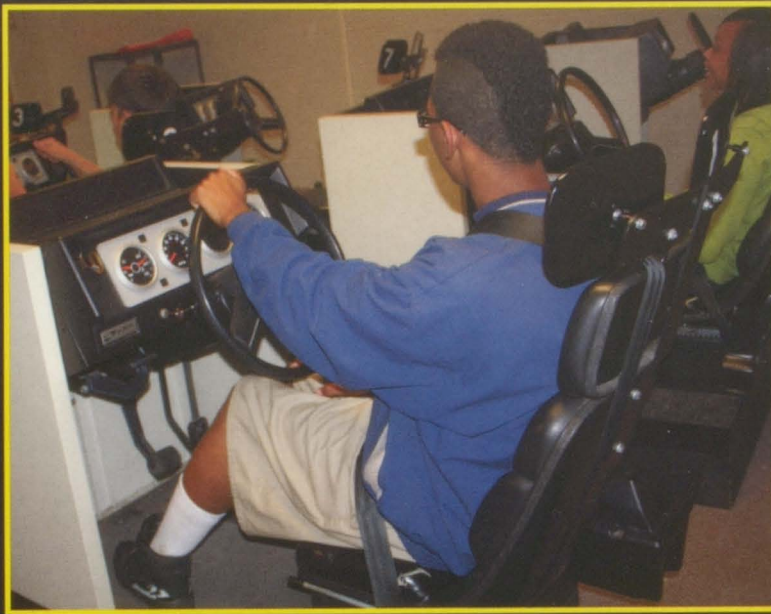

Far Above: Robbie Everett, Sean Purvis and Cody Emmons work together to get an acceptable grade for the day.

Above: Hunter Smith and Allison Davis compare answers in Coach Daugherty.

Top Left: Bethany Presley gets distracted from her history work when she spots the camera.

Bottom Left: Tremane Robinson tries to concentrate on some work in his first block history class.

Driver's Ed / Health

Left: Franklin McCall uses the driving simulator to practice safe driving.

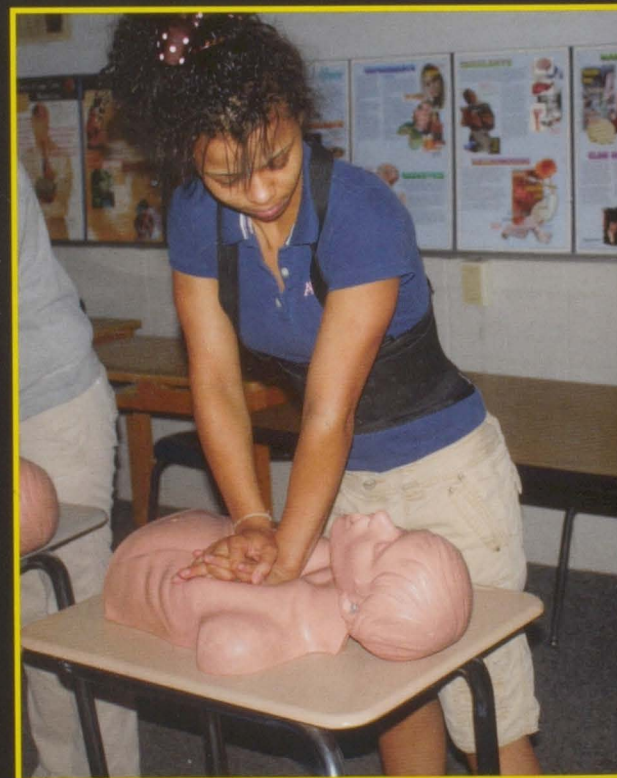

In Driver's Ed, students learn the basic necessities needed to be a safe and competent driver. They practice on simulators and student drive.

Above: Carlas Stewart, Mr. Randolph, and Robin White prepare for the worst.

In Health, students learn about how your body works and things you can do to better, or worsen your well-being. They are also taught CPR and the dangers of STDs.

Below: Sharrickka Smith practices performing CPR on the Health dummy.

ART

Above Left: Sarah Jane White works on her drawing of sunset trees.

Right: Breanna Earls holds up her first place winning owl from the GoDaddy.com Bowl/New Horizons Credit Union Art Contest.

Words can't express how proud we are of you!
 From the lil cowboy, to the handsome good ole country boy you've become.
 You've got a million dollar smile and a heart of gold!
 A personality out of this world and an ego that I hope the world is ready for!
 You're unique son, don't ever change for anyone.
 Stay true to who you are -- you are one of a kind.
 I pray that life becomes all that you want it to be, and all your dreams come true.
 I pray you never forget where you came from, and the values and morals you were taught.
 And no matter where life may take you, remember you have a family that is always here for you.
 And a mama that loves you more than you'll ever imagine!
 We love you baby!

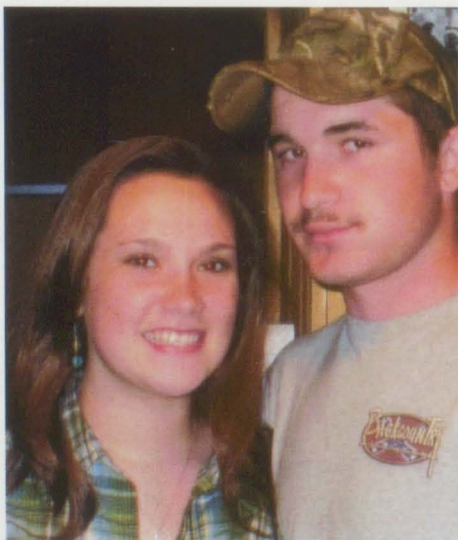

Love,
 Mama, Tony, Manda Lynn, & Nathaniel

In Loving Memory of Coach Jerry Wright

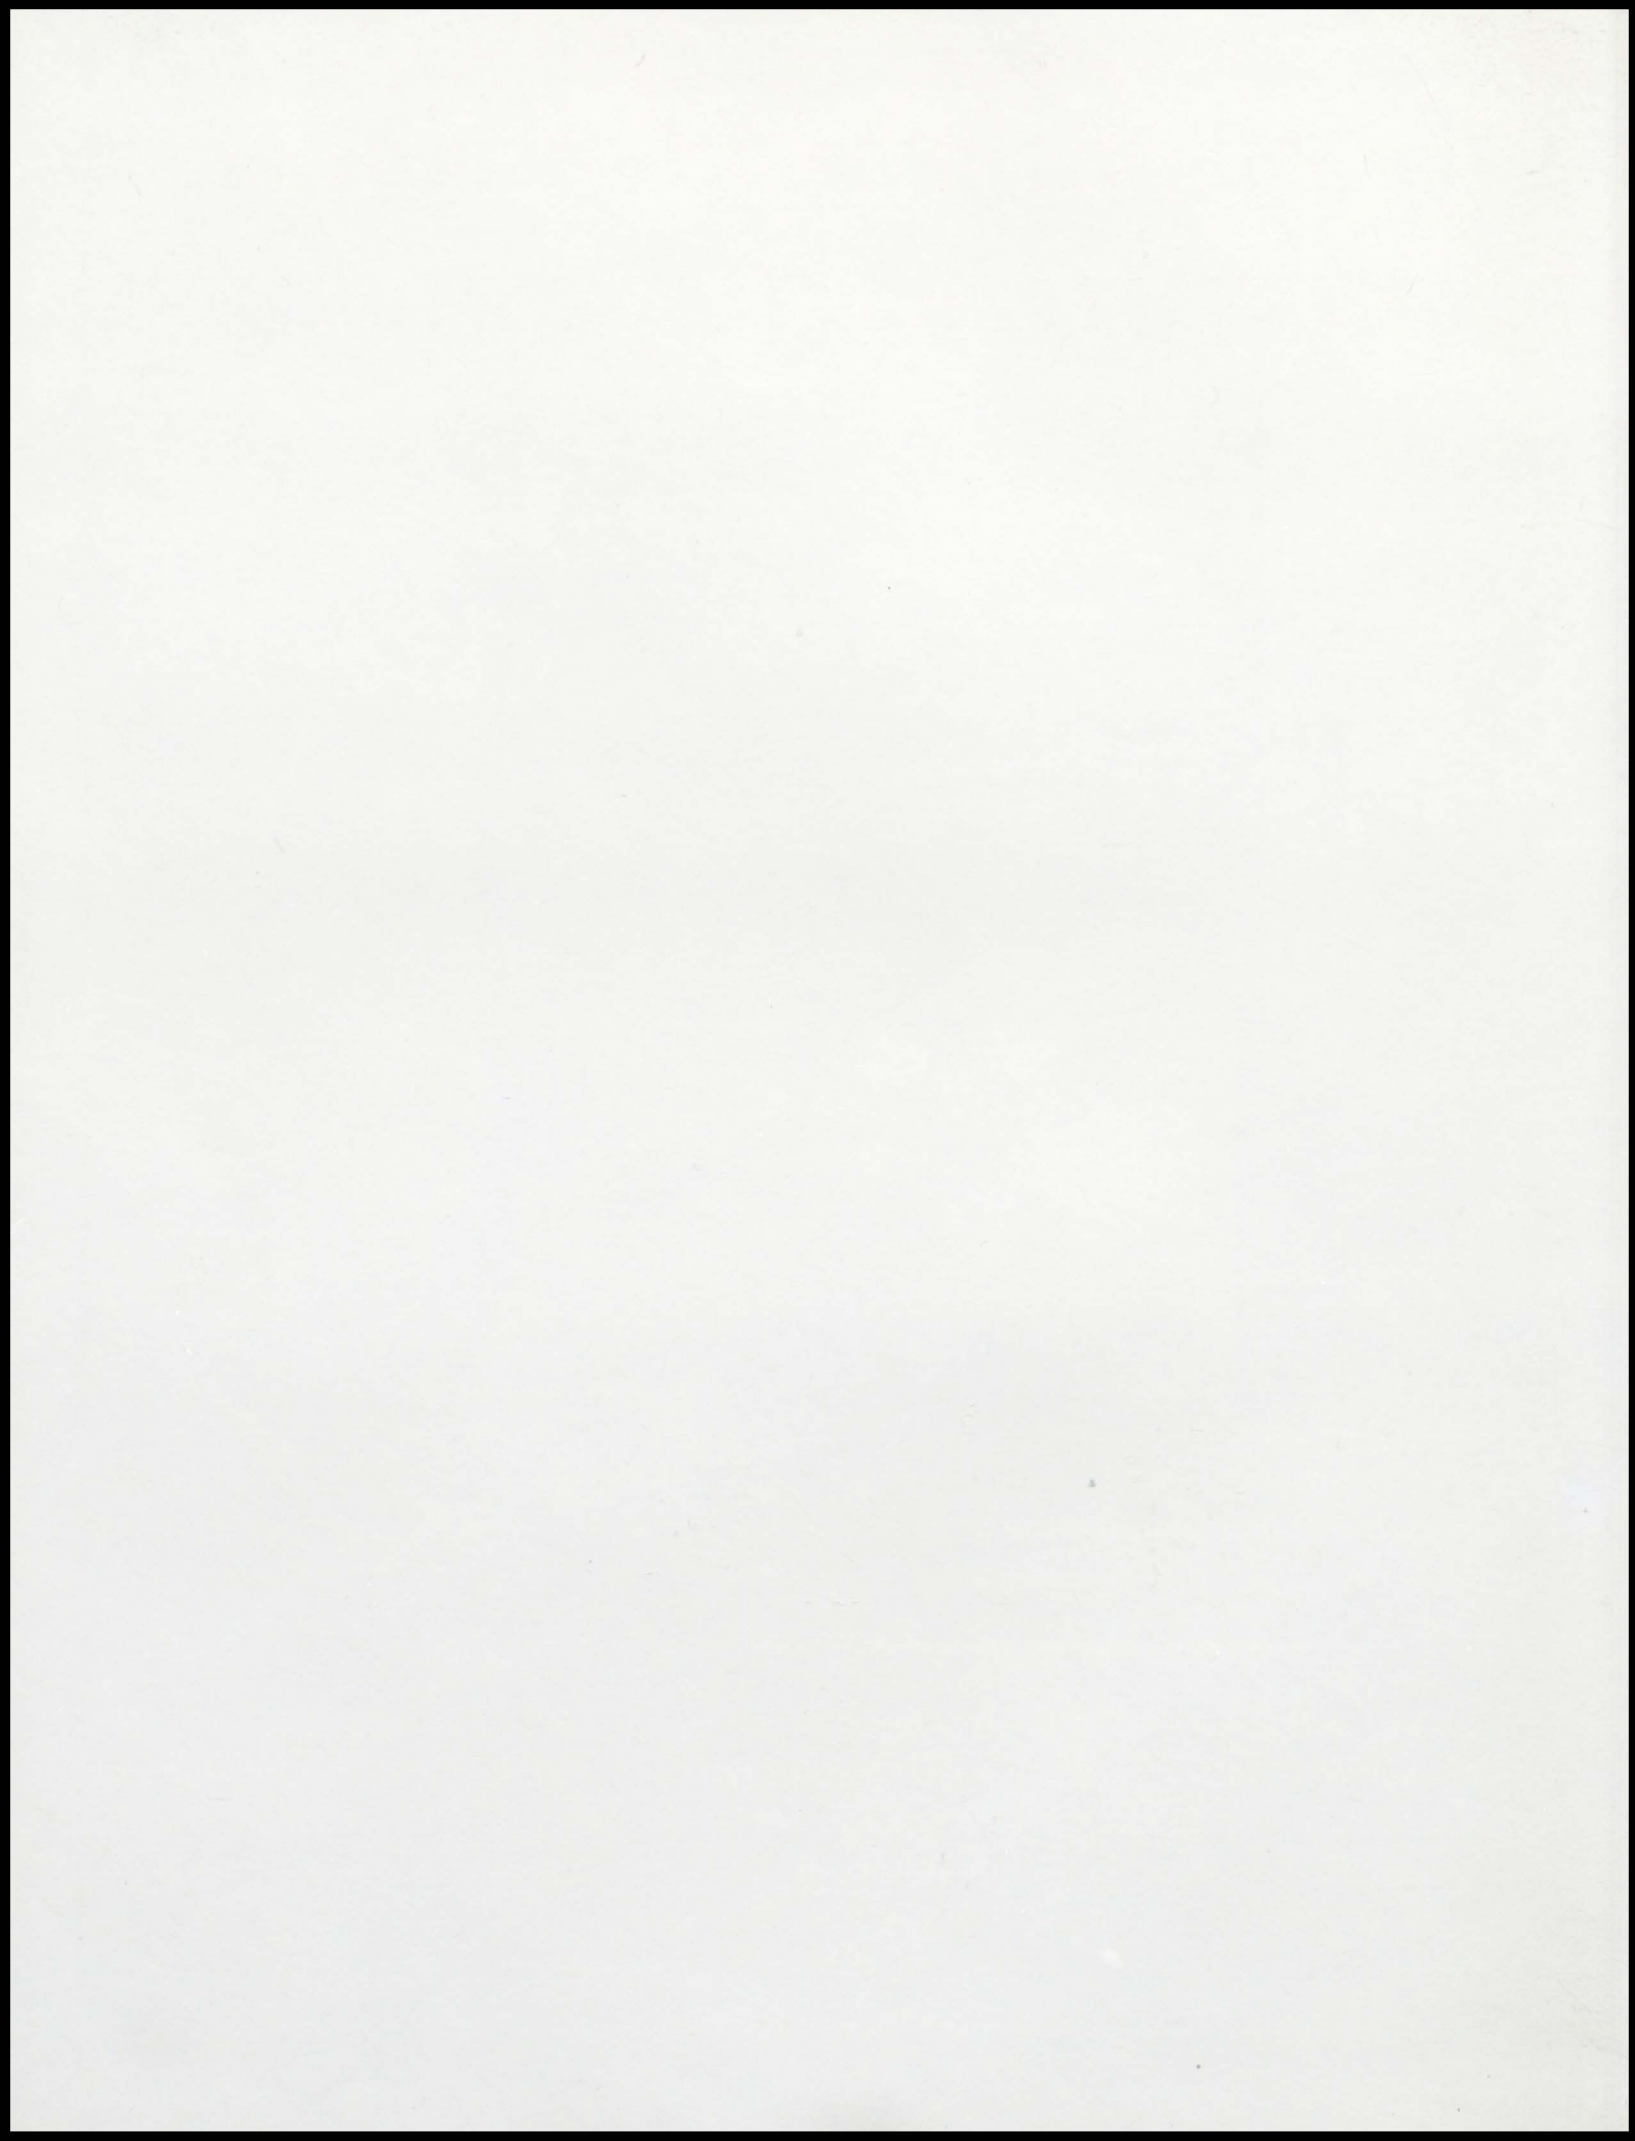

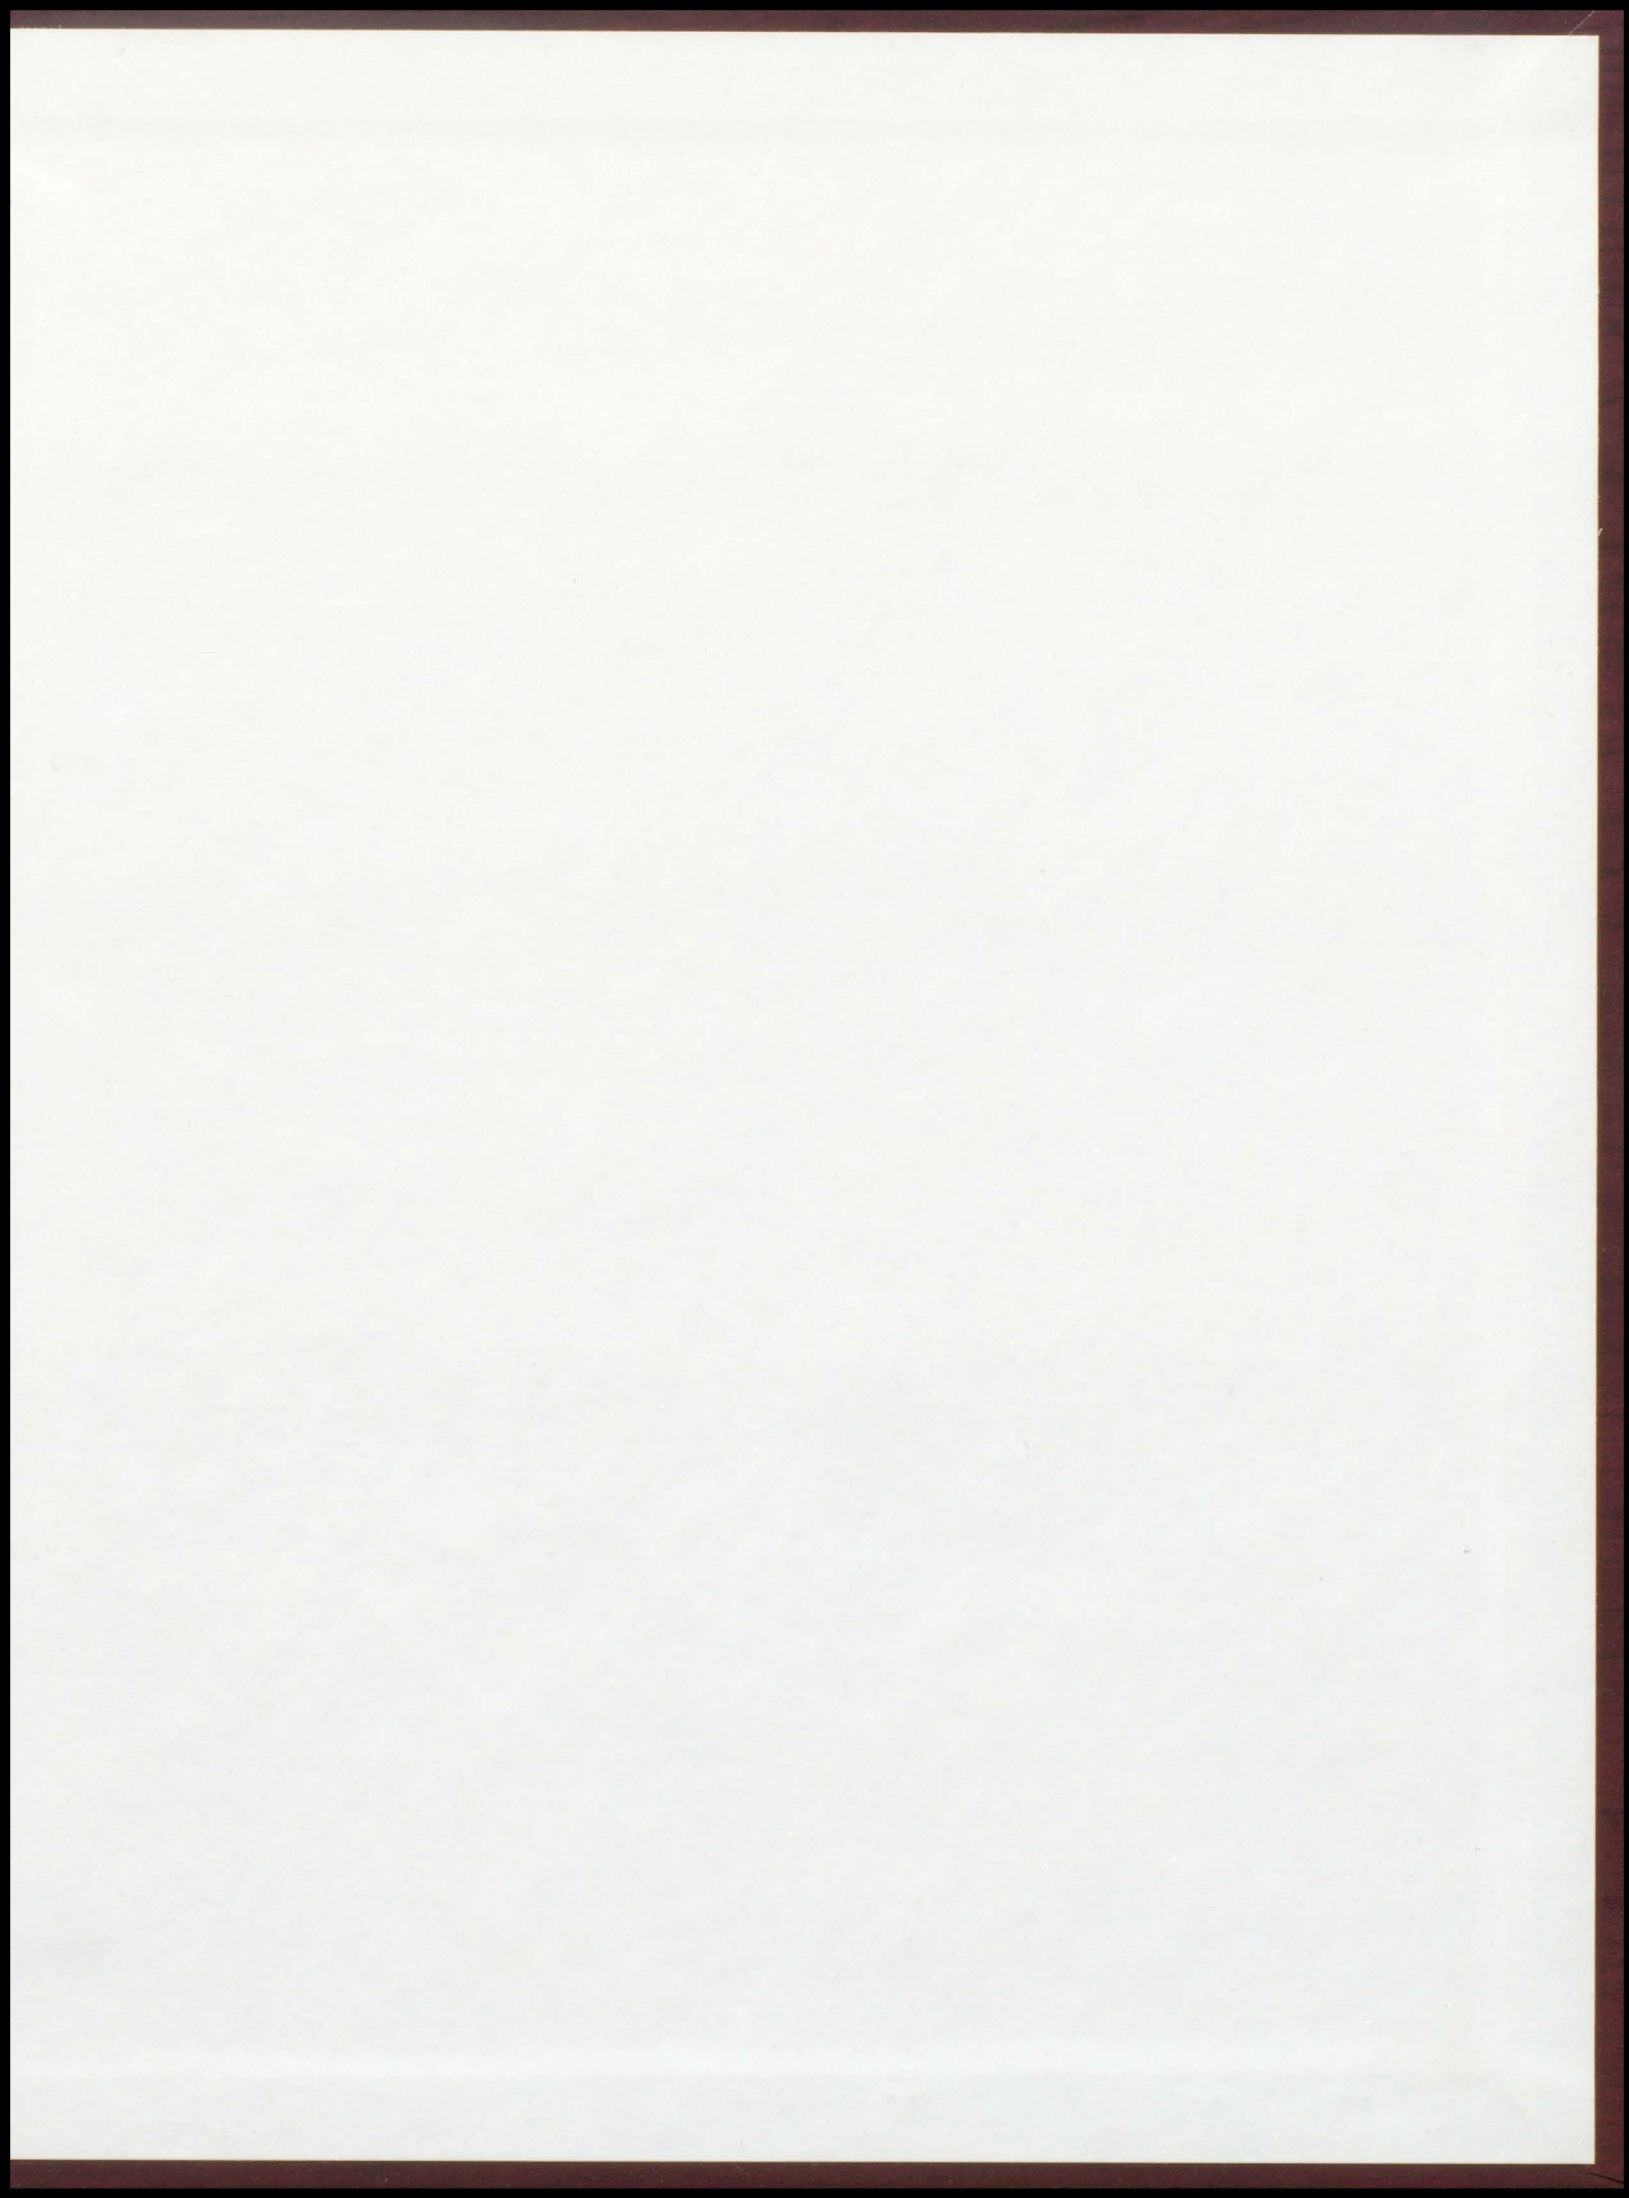

Coach Wright was a six-time winner of the coach of the year in Baldwin County and was selected to the Baldwin County Coaches Hall of Fame, the Baldwin County High Hall of Fame and the Alabama Baseball Coaches Association Hall of Fame. He spent 30 years coaching and teaching with 23 years spent at BCHS. Coach Wright was loved by many and will be greatly missed.

“All of us at Baldwin County High School are deeply saddened by the loss of Coach Jerry Wright. His presence will be sorely missed. Over the 25 years, Jerry Wright was a positive influence on all of the students. He was a good role model for youth and a well respected and honored member of the BCHS faculty. His legacy as a mentor for students at BCHS will last forever. It is a great honor to name the baseball field, after him, The Jerry Wright Field.”
