" This season started out with a bang! 4-0 out the gate! What a great way to begin this year at BCHS. Our division in 6A is one of the toughest in state and we competed very well this year. I was proud of kids in that they always fought and worked hard to get better week to week. I wish to thank our seniors for their leadership to the team and wish them best as they enter the next phase of their lives. This class helped spark the huge turnaround this year, not only for football but all the athletic programs. That will never be forgotten, nor will they! GO Tigers!!

# Academic Life

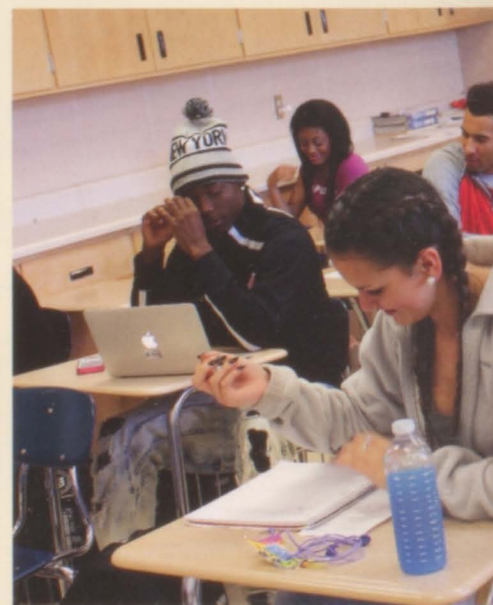

Big things are happening at BCHS!! This year has been an exciting year in the lives of our students. The AP academy curriculum was introduced to our students. With AP coursework in English, Biology, Chemistry, Algebra I & II, Pre-Calculus & Calculus, World History, English Literature, Statistics, Human Geography, US History and Government/Economics, our students have the wonderful opportunity to not only meet and surpass rigorous course objectives, but to also have the opportunity to receive college level credit with the potential savings of thousands of dollars to not only the students but the parents as well.

# Career Tech & Health/Drivers Ed

*Hands on Experiences, Real World Skills*

The Career Tech department at BCHS offers students a wide variety of hands on skill opportunities and training certifications. The goal of the BCHS Career Tech department is to provide a real world experience and help to further students along in their career exploration process.

Within our local Career Tech department, we have the Agriscience departments certifies students in basic safety skills and offer students learning experiences in floriculture and basic animal husbandry. The Business/Marketing department aims to certify students in Microsoft Office and Adobe, while offering students project-based learning in all areas of business from multimedia to business management. Mrs. Sims' Family & Consumer Sciences department gives student an experience in food preparation and proper handling. She also has an education unit where students serve as aids in some of the local classrooms.

*"BCHS FFA has completed many projects this year. We have built a livestock pasture, hog and chicken pen, 1/2 acre garden and lots of fence work. Thanks to all of those who made our farm a success in one year!"*

## Learning Life Lessons

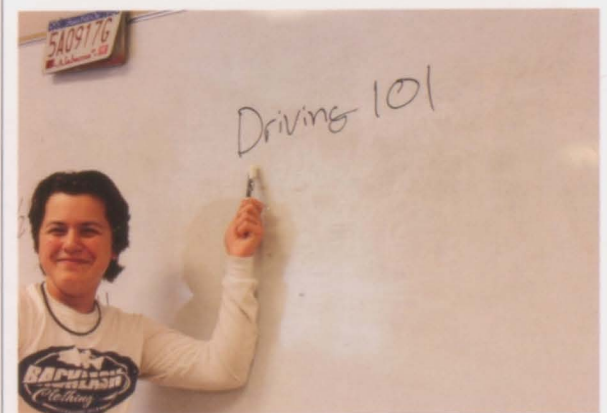

*in 10th Grade*

One of the many ways students learn in Health class is to create board games based on the various principles of health learned this year in class. It is a good tool to help students prepare for the end of 9 weeks exam.

Coach Hunter and Coach Hilburn teach student basic driving skills, rules of the road and vehicle safety in preparation for passing their Alabama drivers license.

Ashley,

*Wow, time sure has flown by!  
Seems like just yesterday, you were following me  
around in my shoes wanting to be just like me.  
Thank Goodness, you only got my best qualities!!  
You have become way greater than myself and  
much more than I ever imagined. You are a  
beautiful young lady, incredibly smart, and  
extremely talented.*

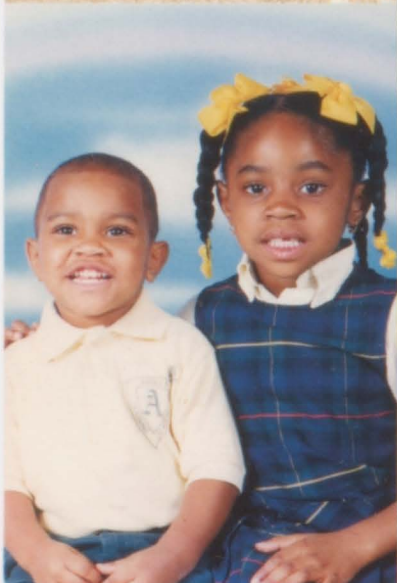

*You have by far exceeded the goals I have set for  
you, and are now working on accomplishing your  
own. You have been a blessing to raise, and a  
ultimate joy to be around.  
You are my best friend! With a bushel and a peck  
and a hug around the neck, you are loved more  
than you'll ever imagine!*

*Love Always,  
Mama, Papaw, Jonathon, Brandon,  
Mrs. Foose, and Thumper*

# Niah Smith

Twelve years came and went and now it is time for you to make your final walk across the field.

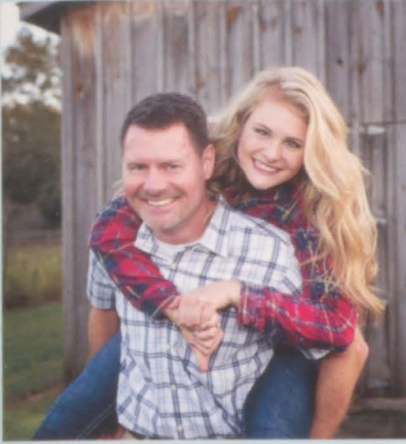

I watched you dance for four years. I will shed a tear or two and I will think of all the high kicks, turns, leaps, spread spins, and gun tosses you did.

I am a proud Mom and I love you so much!

## London Kimber Naseman

London,  
Time is the fastest thing in life so enjoy every second of it.  
Stay on course as you always have. Let your heart guide

Oh how the days fly,  
The years go soaring by.

Just a babe, I could have sworn.

Then a beautiful little girl,  
With a cute little curl.  
Now you're a young woman about  
to embark,  
Into the world to leave your mark.  
As you close this chapter of your  
life's adventure,  
And continue to grow and mature,  
Remember this, **NO MATTER

Your family loves you with all its

**Betty Boyington**

Mrs. Boyington came to BCHS in 1997 with a student that has in her care at BMMS. After her arrival is really when the multi-handicapped unit was started. When asked recently about her career, she had this to say "It's been interesting! I have worked with many teachers and I always loved my kids for who they are. I see them, not their disability." She joked about the number of miles she has walked in the hallway with her students taking them to the gym and cafeteria. She said "It will be strange not to be here in the fall in my regular routine." Mrs. Betty said that she looks forward to some well-earned rest and relaxation with her family and friends.

" I started in 1987 in room 6 of the old school building. I moved over here when the new building was being built and moved into room 318. Shortly after that, I moved to 319 where I spent - I think -eighteen of my years. I later moved to the chorus room and finally here to room 211.

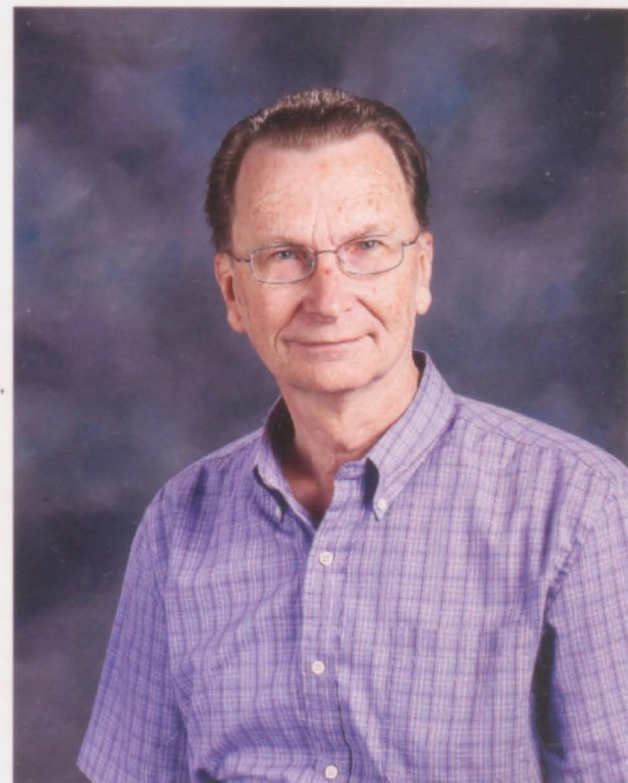

I have taught English 9 through 12 at some point, oral communciations, drama, theatre (which were really all the same thing, but just with different names) and for five years, basic biology (which I hated but was necessary to pay off a student loan).

I have read the names out at graduation at least since 1996. I'm not sure exactly when I started, but my oldest son graduated in 1997 and I know I was doing it at least the year before, cause Wanda Bulman asked me if I wanted relieved from that duty so I could watch my son graduate. But-come on-how many parents get to be on the field, reading their child's name when they graduate? (I did that for all three of my kids, by the way!)

I was the unofficial voice of BCHS for many years-starting off with the morning announcements, reading the pledge, MC-ing an untold number of assembly programs, even doing the outgoing message on the school's phone. I have sung with the band and with chorus at different points in my tenure. I have taught under five different principals and I could not tell you how many assistant principals.

After retirement - what is that?- I will be probably playing music here or there (already have my first gig in June) and working with the theatre in Fairhope (directing my fourth play there this summer.) I already have one novel published and another one in the editing phase."

I am sure I will find plenty to do!"

**Marcus Willis**  
"The Voice of BCHS"

"I grew up in Greenville, Alabama and graduated from Greenville High School. I loved high school!

I started college at Randolph-Macon Women's College in Lynchburg, Virginia. There I had an excellent French teacher, Francoise Jankowski, whose influence led me down a path to more French courses at the University of Alabama. With each course I became more interested in that beautiful language.

As a participant in the Vanderbilt-in-France program for the second semester of my junior year, I lived in Aix-en-Provence and found that I loved the beautiful language, scenery, and lifestyle of France. I became a true Francophile!

After graduating from Alabama with a B.A. in French, I married and moved to my husband's home state of Indiana and earned a Master of the Arts in Teaching (French) at Indiana University.

Eventually we moved south to Sweet Home Alabama and I began teaching French at BCHS. I have now completed my 28th year here, never wanting to leave to teach closer to my home in Montrose. I have loved it here. I have enjoyed so many great friendships and truly special students. I have truly been blessed!"

## Katherine Land

**Saying goodbye is never easy.....so lets say Au Revoir instead (for you Madame Land!) We wish each of you all the best and thank you again for your service to BCHS and our students!**

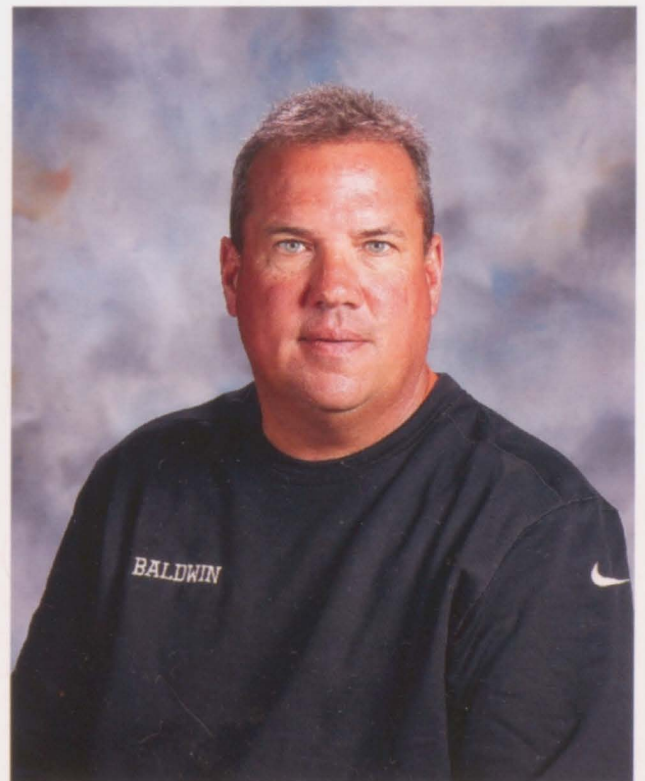

" I began my career as a teacher/coach at BCHS in 1991. I taught Alabama History and World Geography and also Consumer Economics. I was the Defensive Coordinator for 5 years and Offensive Coordinator for 3 years. I also coached slow-pitch softball and boys golf.

In 1999 I became the Athletic Director and Head Football Coach at Robertsdale High School. I worked there for 7 years. Our football teams made the playoffs 3 of those 7 seasons. In 2001 the Bears were Region Champions, had a record of 10-3, and made the 3rd Round of the State Playoffs.

In 2006 I then moved to Gulf Shores High School and was the Defensive Coordinator for 4 years. We reached the playoffs in 2008 and 2009. The 2009 team finished with a 9-3 record and won their first ever playoff game. I also coached the Boys Golf team at GSHS.

In 2010 I returned to BCHS to coach defense. I was the Assistant Head Coach, Strength Coach, Kicking Game Coordinator, Equipment Room Director and Linebackers Coach. I also coached Boys Golf during those 6 years.

After BCHS, I will be at UMS Wright Preparatory in Mobile where I will be the Defensive Coordinator and the JV Boys Golf Coach."
